VICTORY NEWS ENDS TENSION FOR NANKING

**Claims of Success For
Government Troops at
Suchow Relieves Un-
nerved Capital**

ARMIES REGROUPING

Nanking, Nov. 19.—(P)—Tension eased in central China today. The government's news of a complete victory in the battle of Suchow gave fresh hope to the unnerved capital.

The city obviously was impressed by the military spokesman's triumphant statement yesterday: "the battle for Suchow can be considered as concluded." People had begun to talk of Chiang Kai-Shek's possible abdication looked up the generalissimo with new respect.

Few sources, however, expected the Communist commanders to take the reported setback without planning another fight to open the road to Nanking.

When this might happen was a subject of conjecture here. It might depend on the extent of Communist casualties, the drain on supplies in the 10-day battle, and how long the Red commanders will need to regroup their weary armies.

On the nationalists' side were these points:

The government air force was intact—no mention has been made of any losses—and it knew what it could do against massed troops without cover.

The government halted the Red advance without the use of reinforcements and supplies stalled at Pengpi, midway between Suchow and Nanking. These presumably would be available in the next phase.

The entire length of the Pukow-Suchow rail line, with many miles of tracks destroyed, was reported in government hands, although some neutral sources doubted this. The situation did not alter American evacuation plans. The first U. S. navy ships taking American civilians from China will sail for San Francisco from Shanghai today. The army transport Simon B. Buckner, due at Yokohama yesterday, was delayed at least until late today as it dodged a typhoon sweeping northeastward off the Honshu coast. U. S. army planes began evacuating Americans from Hankow.

There are signs of Communist activity in the area of Tsingtao, headquarters of U. S. naval forces in the western Pacific. Commercial airline pilots in Peking reported spotting a steady movement of Reds from the Tsinan area eastward Tsingtao.

Dock Strike Still Being Negotiated

By The Associated Press
It appeared today as if settlement of the east coast AFL dock workers strike is at least several days away.

William M. Margolis, federal mediator, said negotiations opening today probably will continue into next week.

Joseph P. Ryan, head of the 65,000 striking AFL Longshoremen called upon Halifax dock workers to reconsider their decision to unload ships diverted from New York.

Meanwhile, the number of ships immobilized in ports from Maine to Virginia increased to 200. Unemployment increased with thousands of trainmen and truck drivers laid off and industrial plants facing shutdowns.

An argument over pay rates in the stock and stock cutting departments threw 3,000 employees of the Firestone Tire and Rubber Co. out of work at Akron, O. Company officials and leaders of Local No. 7 CIO-United Rubber Workers termed the walkout "unauthorized."

RIDGWAY FATALITY

St. Marys, Nov. 19.—(P)—Burns suffered while at work as a line crewman for the West Penn Power Co. caused the death of Carl Stark, 23, of Ridgway, last night in St. Marys Hospital. Stark, recently married, is survived by his wife.

Donora Smog Survivors Are Vacationing in N. Carolina

Wrightsville Beach, N. C., Nov. 19.—(P)—Forty survivors of the Donora, Pa., death-dealing smog settled down at this North Carolina resort today, just sitting and resting for the present. Rocking will come later.

The group, guests of the Wilmington and Wrightsville Junior Chamber of Commerce, arrived by plane from Pittsburgh, Pa., yesterday for a week's vacation, with all expenses paid.

"This is simply marvelous," one of the vacationers commented as the group alighted at nearby Wilmington to the welcome of a band, city officials and several hundred spectators.

Map Conference On Palestine

Dr. Ralph Bunche, acting Palestine mediator, confers over a map in Paris with Capt. Paul Leyder of Belgium, center, shortly before Britain asked the UN to endorse the Bernadotte Plan and end the Palestine war. At right is John Reedman, political adviser to the Palestine Commission.

President, Nearing End Of Vacation, Is Watching Crises

Key West, Fla., Nov. 19.—(P)—President Truman, nearing the end of his post-election vacation in the sun and warmth of the nation's southernmost city, kept close watch today on international crises thousands of miles apart—Europe and China.

The president's staff, however, clamped tighter the lid of secrecy covering White House consideration of Chiang Kai-Shek's appeal for a new statement of encouragement and support for the Chinese national government, and was silent likewise on a wealth of questions raised by other crises abroad.

There was no disclosure of the contents of Mr. Truman's reply to the personal appeal of the Chinese president, nor comment upon it.

The New York Times, however, said in a story from Nanking that Chiang asked for a strong statement from the United States on its future moral and material aid, as well as for a more vigorous participation in China's war effort and for the immediate increase of its material aid to China.

Mr. Truman's reply, the Times story said, pointed out this country was speeding up its shipment of military supplies to China, but made no commitments beyond the present \$400,000,000 program.

The flight here yesterday of Secretary of Defense Forrestal for a 45-minute conference with the chief executive was dismissed as a simple visit by the defense secretary to submit a 10-page memorandum and an oral report on his recent visit to Europe.

Forrestal flew back to Washington in the afternoon, staying only long enough to shake hands with Representative Sam Rayburn (D-Texas) of the prospective speaker again of the house, who came in to be Mr. Truman's guest. The president is flying back to Washington at 11 a. m. Sunday for an important full-scale review of the peace outlook Monday.

Tallman Withdrawal Assures Re-Election of Harvey Taylor

Hershey, Nov. 19.—(P)—Republican State Chairman M. Harvey Taylor today was assured re-election as state senate president with the withdrawal of Sen. O. J. Tallman, of Allentown, the only other GOP aspirant for the post.

Tallman, senate majority leader in 1947, announced less than 24 hours before 85 Republican senators met here to pick their state for organization of the 1949 legislature, that he was dropping out "to avoid embarrassing my colleagues in the senate."

Taylor has the backing of Gov. James H. Duff for the key post. Tallman's candidacy was widely interpreted as a sign of a new breach between the governor and other Republican factions. Tallman, however, denied he had sought the support "of any person or persons outside the senate."

The Lehigh countyman said he had entered the race solely because Senator Taylor announced at the close of 1947 legislative session that he hoped to retire at the end of his term.

Attorney General Tom C. Clark lent a solemn note to the occasion by comparing the present time to the crucial days of Lincoln's administration. The president sent his personal greetings to this small agricultural community, high water mark of the Confederate army's northern march in the Civil War, said Clark.

The town was gallily decorated with bunting and a special stamp issue was placed in sale commemorating the Gettysburg address.

Gettysburg, Nov. 19.—(P)—The manuscript of a speech penned by President Abraham Lincoln 85 years ago returned to the place of its inspiration today.

Carried aboard the Freedom Train, Lincoln's Gettysburg address was brought here in connection with ceremonies marking the 85th anniversary of its first public hearing.

Attorney General Tom C. Clark lent a solemn note to the occasion by comparing the present time to the crucial days of Lincoln's administration.

The president sent his personal greetings to this small agricultural community, high water mark of the Confederate army's northern march in the Civil War, said Clark.

Fifteen More Nazi War Criminals Hang

Munich, Germany, Nov. 19.—(P)—Fifteen more German war criminals were hanged today.

The executions brought to 73 the number hanged in the last six weeks for wartime murders of concentration camp prisoners and American soldiers.

Since Oct. 13, at least nine persons have gone to the gallows every Friday at Landsberg prison, where Adolf Hitler wrote "Mein Kampf."

Sex Maniac Is Sought In Nurse's Death

Ossipee, N. H., Nov. 19.—(P)—Investigators today sought a sex maniac in the slaying of Ruth Eisenberg, attractive Newark, N. J., child nurse, whose body was found in a foot-deep grave with a flimsy undergarment jammed in her throat.

Medical experts said they had not determined whether the 23-year-old daughter of Ephraim Eisenberg, a Newark school principal, had been raped. Identification of the body was made from dental charts.

Investigators declared there was no doubt she was the victim of a sex-crazed man who either offered her a ride or lured her into his car as she hiked along a main White Mountain highway.

They pointed to the manner in which the undergarment had been rammed into her mouth and the condition of a brassiere.

Medical Examiner Francis Dube said "the gag in the girl's mouth was her underclothing. It has been rammed down the throat far enough to cause suffocation."

The sweater she was wearing was torn in many places. Her brassiere, which was in place, had two symmetrical holes one and

Bell Co. Files New Tariff Calling For Increase In Rate

The Bell Telephone Company of Pennsylvania today filed with the Public Utility Commission at Harrisburg new tariffs calling for a general increase in its rates which, it is estimated, will result in a 16 per cent increase in revenues. This increase, amounting to about \$25,000,000 a year, will net the company approximately \$14,500,000 after taxes.

The new rates are scheduled to become effective January 21. The company announced that this action is made necessary by steadily mounting costs of operations and a sharp decline in the company's rate of earnings.

This will be the first general telephone rate increase in Pennsylvania since 1924. Meanwhile, there have been two general reductions in local rates—one for residence subscribers and one for business users. In addition, there were 14 reductions in toll and long distance rates and a number of downward rate adjustments on various other items.

Some of the present and new rates in Warren are as follows:

	Present Monthly Rate	New Monthly Rate
Individual line residence	\$8.00	\$3.75
Two-Party line residence	2.50	3.50
Four-Party line residence	2.50	2.50
Multi-Party line residence	2.10	2.50
Individual line business	4.00	6.50
Two-Party line business	4.00	5.00
Multi-Party line business	3.50	4.50

(These rates do not include the Federal tax of 15 per cent, in effect since 1944.)

ISRAEL STILL HOLDS ON TO NEGEV DESERT

**Cabinet Session Decides
All Armed Forces Will
Not Be Removed From
Battle Scene**

DEMILITARIZED ZONE

Tel Aviv, Israel, Nov. 19.—(P)—Israel retained control of the Negev desert today, the deadline set by the United Nations for withdrawal of troops to positions occupied before last month's fighting in the area.

After a lengthy cabinet session yesterday, Israel announced it would not order all its armed forces out of the Negev.

The government statement added, however, that all troops which entered the area after Oct. 14 had been withdrawn. This left only forces which the Jews said had been in the area since May 15.

The statement said this was in accord with the U. N. order. The Israeli view was that the U. N. specified that only forces which entered the southern area after Oct. 14 should be withdrawn.

Dr. Ben-Gurion, acting mediator, said he found the Israeli reply "gratifying." He said it indicated a willingness to accept in principle the security council's resolution.

The Security Council resolution of Nov. 4 ordered the withdrawal of forces to bring into effect a no-man's-land in the Negev. Acting U. N. Mediator Ralph Bunche ordered withdrawal of troops to specified lines to create the demilitarized zone.

The Israeli government welcomed the Security Council decision to facilitate the transition from the truce to a permanent peace in the Holy Land by means of an armistice.

((Bunche said in Paris last night he had asked Israel and the Arab states to start negotiations for an armistice. He said he believed the interests of both parties would be best served by direct negotiations, but asked them to reply as to whether they wanted direct negotiations or wished to negotiate indirectly through him.)

The Israeli cabinet also offered to negotiate with U. N. truce commission observers on possible withdrawal of its forces in the southern coastal area which lies northwest of the Negev.

SCHOOL DISTRICT IS IN NEED OF FUNDS

Pottsville, Nov. 19.—(P)—The Blythe township school district is not the only school district in Schuylkill county worried about paying its teachers.

The Gilberton school district school board last night said its 25 teachers face a payless pay day today unless the district is able to borrow \$8,000 or the state advances a grant not due until March.

Michael Swank, secretary of the board, said the district's expenses run about \$100,000 a year and it receives around \$18,000 in taxes. The board said much of its financial troubles date back to a supreme court decision that the Gilberton-Lawrence Fuels Co. had been over-taxed \$101,000.

Resident Of St. Marys Is Crash Victim

A young St. Marys woman was reported in critical condition in Warren General Hospital today and three automobiles and a truck were damaged last night at 7:30 o'clock in the first serious traffic accident to occur on the newly reconstructed section of Route 6, east of Warren.

Taken to the hospital in an unconscious condition, Pennsylvania State police reported, was Mrs. Patricia Mallison, 19, of 32 Maple street, St. Marys. She is reported to have suffered a double fracture of the skull and has not regained consciousness.

Also injured in the crash was Mrs. Mallison's husband, Richard E. Mallison, 19, who suffered lacerations about the face. He received emergency treatment at the hospital and was discharged.

The accident occurred near the Mineral Well service station, where the McCrady-Rogers Construction Company is putting the finishing touches on the Route 6 reconstruction project. The new section of the road is barricaded part of the time for protection of the construction workers.

Police said the Mallisons, probably from Meadville.

GREYHOUND DRIVERS GRANTED INCREASE

Cleveland, Nov. 19.—(P)—Drivers and bus station workers for Pennsylvania Greyhound Lines have pay raises coming if a freshly signed contract is ratified by the union members.

The one-year working agreement retroactive to Nov. 1, 1948, was signed last night by company officials and the AFL, Amalgamated Association of Street, Electric Railway and Motor Employees. The main provisions were:

The 1,200 drivers in the company's 12-state area win raises of 3.5 mills per mile to a top rate of 6.35 cents on eastern routes.

The 900-odd maintenance and terminal workers will receive an hourly pay raise of 10 cents, with an additional two cent raise after six months.

The company operates in the District of Columbia, New York, Pennsylvania, Ohio, Kentucky, Indiana, Michigan, Illinois, Missouri, Delaware, Maryland, New Jersey and Virginia.

Remodeled and Modernized Murphy Store Holds Opening

Warren's G. C. Murphy five and 10 cent store, 306 Second avenue, now ranks as one of the finest and most modern in the entire Murphy chain as the result of extensive store-wide remodeling.

The local store is celebrating completion of the modernization program with a mammoth Grand Opening sale, which started today.

R. S. Brown, manager of the local store for the past year, said costs to \$300,000 was spent on the modernization program.

Much of the work included installation of blonde wood paneling along the walls and on the counter bases, and in providing an up-to-date lighting system.

Block letters spell out the names of the various departments, and an indirect lighting system along the walls brings out the beautiful grain of the highly-polished panels.

Ceiling light fixtures on the first floor have been modernized, with the wattage of the lamps increased from 200 to 300. The store lighting is now rated at 35 to 40 candle-footage as against 12 candle-footage before the remodeling work was started. Fluorescent ceiling units provide the lighting for the basement sales room.

A large portion of the modernization work took place near the Liberty street entrance to the store. Here new modern display windows and a new entrance were installed, and unsightly bay windows on the second and third floors of the building were removed.

A narrow stairway to the basement has been replaced with a wide easement. Shiny metal handrails and mirrors on the wall of the stairway add to the beauty of the store.

A new fountain and backbar for the store's lunch counter also was installed.

On the second floor, increased lounge facilities for clerks have been added, and the employees' meeting room used for sales conferences also was enlarged.

Completing the modernization program were renovation of the heating plant, and installation of new signs at both the Second avenue and Liberty street entrances.

The store manager said the remodeling work has enabled the store to increase its merchandise displays, particularly in the shoe and dress departments. The clerking staff of the store has been increased from 85 to 100 girls.

Brown said \$10,000 worth of special merchandise was brought here for the Grand Opening sale, and the counters are heavily loaded with Christmas items. Several large turntables for display purposes add considerably to the general appearance of the store.

The Grand Opening sale is under the direction of R. M. McCormick, district superintendent, who came here from Meadville.

DULLES CALLS RED PLAN FOR REDUCING ARMS "DECEPTION" AND ALMOST IRRESPONSIBLE

Paris, Nov. 19.—(P)—The United Nations assembly approved today a western-supported plan looking toward reduced world armaments. In so doing it ignored Russian protest that the United States and Britain are in a "mad armaments race" aimed against the Soviet Union. The vote was 43 to six, with the Russian block of nations voting no. The assembly then began a roll call vote, paragraph by paragraph, on Russia's demand for a one-third cut in the armed forces of the five great powers within a year and for a ban on the atom bomb.

Paris, Nov. 19.—(P)—Russia's Andrei V. Vishinsky told the United Nations today the United States is building up a western European system directed against the Soviet Union.

He charged also at a full session of the General Assembly that the United States and Britain are carrying on a "mad armaments race" against Russia. In both countries, he said, there is a "war psychosis" against the Soviet Union.

Russia was asking a one-third reduction in arms by the five leading powers. The United States called the proposal "almost irresponsible" and a "crude deception." John Foster Dulles said the U. S. has under arms only 12 per cent of less of the number she had during the war. He said Russia has 35 to 55 per cent of her wartime strength in arms. There also are large armies—unaffected by the resolution—in Russian-dominated Poland, Yugoslavia, Czechoslovakia, Romania, Bulgaria and Hungary.

Britain rejected the plan as unrealistic. France turned it down as deceptive.

The acting U. N. mediator for Palestine, Ralph Bunche, said he regarded Israel's answer to an order to withdraw from the Negev as indicating a willingness to comply. The Jews said they had withdrawn all troops which had entered the area after Oct. 14, the day their Negev offensive started.

An anxiously awaited American statement on Palestine was deferred with postponement on the U. N. Political Committee session.

Some delegates said the full U. S. position of the Holy Land may not be known until after Secretary of State George C. Marshall confers with President Truman in Washington.

The British and American delegations asked for a meeting of the political committee tomorrow on the Palestine question.

Communists fired on police outside the meeting place in Beirut, Lebanon, of the United Nations educational, scientific and cultural organization's third world conference. No one was hurt.

State Recount Of Election In Ohio Possible

Columbus, O., Nov. 19.—(P)—Numerous tabulation errors in the Nov. 2 election in Ohio—incl. one that unofficially credited Gov. Thomas E. Dewey of New York with 10,518 less votes than he received officially in one county—may result in a state-wide recount by the legislature.

A state legal authority advised Gov. Thomas J. Herbert yesterday the legislature has the power to appoint a commission for the recount.

The last tabulation by the secretary of state's office of unofficial returns was Nov. 6. Since then, numerous errors have been reported from many sections of Ohio, including one in Cuyahoga county (Cleveland) where the official canvass gave Governor Dewey, 10,518 more votes than the unofficial report.

Duplicate ballots from the unofficial county total reduced President Truman's Ohio majority to 6,817 votes. The last official count in presidential voting gave President Truman 1,460,229, Dewey 1,442,825 and Henry Wallace, the Progressive party candidate 37,354. The errors were not included in this tabulation.

However, even if the official canvass should give Ohio its 25 electoral votes to Dewey, President Truman still would be assured of the presidency.

There were close counts in three state senatorial races in Toledo, Akron and Columbus. Margins of victory in each was slightly more than 100 votes.

An error of 14,000 votes was found between the unofficial and official counts on special bond issues in Cleveland.

Numerous other recounts in many Ohio counties already have been held or demanded.

"GREEN HORNET" IS ON THE LOOSE AGAIN

Pittsburgh, Nov. 19.—(P)—The "Green Hornet" is on the loose again.

"The Green Hornet" is the name by which Al Florig was known when, as a county detective, he led vice and gambling raids. Later, charges which led to 66 grand jury indictments and the firing of one policeman.

Last night, the "Green Hornet" charged that the racket, quieted by the jury probe, are operating again.

Chief County Detective Charles S. Johnston said "we didn't know about the things Florig is claiming but we certainly will investigate."

4,791 To Receive Christmas Checks From Warren Banks

A golden tide amounting to more than one third of a million dollars will flow into the pockets of Warren county residents next week when the three Warren banks mail out the Christmas Savings checks.

This year's total—\$357,976.75—is the greatest ever accumulated here by the week-to-week savers. The checks will go to 4,791 participants.

Officials said the vouchers from the Warren National Bank, the First National Bank and the Warren Bank and Trust Company will be placed in the mails at the close of business on Wednesday, November 24, for delivery on Friday, November 26, the day after Thanksgiving.

The record Christmas Savings total here is "in line with a general upswing throughout the nation."

The Christmas Club Corporation reported that \$331,000,000 will be distributed to more than 10,000 participants this year. The total is 11.3 percent ahead of last year and represents an all-time high for the 38 years of Christmas Club operation.

The average per-member distribution of \$91.25 in large metropolitan areas and \$81.50 for the entire country, as against \$78

CORRY MAN GETS BEAR
 Corry Journal: Steve Savchyn of RD 4 is the second Corry and vicinity hunter to report a bear kill, having brought down one weighing 150 pounds at Four Mile in the vicinity of Kanza in Warren county Monday afternoon about 3 o'clock. Savchyn was hunting with his brother-in-law, Charles Kovach, when they came across four bears. The two hunters fired five shots, one of which brought down the animal. One of the other bear was known to have been hit twice and badly wounded but it was then too dark to track the bruin. The two men found it exceptionally difficult to get the bear back to the road where the car was parked, a distance of some six miles. The woods are not particularly thick in that location but the dense underbrush made the going extremely tedious.

MORPHINE STOLEN
 Approximately 425 morphine sulphate tablets of various grains were stolen from the pharmacy of the Jamestown General Hospital some time Tuesday night by burglars who ripped off the bars of the windows leading to the drug room to gain entry. Jamestown police investigating the case estimated the value of the stolen drugs at around \$50 on the legal market. Police Chief G. Harry Nelson said that a initial investigation into the theft of the drugs revealed that the room was closed and that the loss of the tablets was not discovered until it was opened at 2 a. m. Wednesday. The authorities were not notified until about 8 a. m. The pharmacy is located in the basement of the main hospital building to the right of the front entrance. Chief Nelson said.

DOUBLE FEATURE OFFERING
AT THE LIBRARY THEATRE
SUNDAY - MONDAY - TUESDAY
 "June Bride" is a real comedy hit!

Bette Davis laughs and laughs loud and long with Robert Montgomery in this new Warner Bros. film which opens Sunday, Monday and Tuesday at the Library Theatre. It's a new Bette Davis and Robert Montgomery team, and with Bob opposite her in one of his most charming dip-dip-dip roles the result is a treat of exceptional proportions.

Bette plays a successful magazine editor, one who hires and fires with ease. Bob comes back into her life after a European assignment, and is put on her staff. This creates a problem, as the two still go for each other in a way. When the staff moves into Crestville, Indiana to build up their special June feature, their affair takes on added zest.

The film abounds with situations all on the strictly humorous side. Bob has an apple cider spree with Tom Tully which is a riot. Betty Lynn, as the youngest Brinker belle, vamps small-town fashion and gets her man. Barbara Eaton, as the more beautiful Brinker, has a somewhat smaller part, but clocks. Mary Wickes' dry remarks add pepper, and Fay Bainter, in smart garb,

gives additional interest to the proceedings. And on the same bill a gay comedy hit "Curley" with Frances Rafferty and filmed in the beauty of cinecolor.

Sugar Grove High School's Homemaking Dept. Improved

Sugar Grove, Nov. 19—Much interest has been aroused in the community through the activities being carried on to bring the high school homemaking department up to date.

Old equipment has been replaced by modern and convenient home kitchen installations. Modern cupboards with linoleum tops and built-in sink, built locally, provide continuous work space, and the new electric range helps make it a more convenient kitchen.

Vocational girls in the 10, 11 and 12 grades were very enthu-

siastic over the improvements and were more than willing to paint the new cupboards. Elsie Jones, Betty Johnson and Freda Craker did most of the painting, with Patty Ryan, Eileen Uhlig, Joan Shaffer, Eva Kane and Jean Bickelstaff assisting. It took a lot of hard work, and three coats of paint, to give the cupboards their nice new white finish, which, with new linoleum and newly-painted walls, completes the kitchen remodeling.

The kitchen is now set up to provide work space, sink and stove

for four girls, working at one time at meal preparation. Dividing the classes into small groups more nearly approximates a home situation than the old idea of a food laboratory in which the whole class prepared the same dish at the same time. Girls are more on their own under the new set-up and learn to plan, prepare and serve meals by themselves.

A new washer and necessary laundry equipment make it possible to have a laundry unit this year, also.

Much pride is also being shown in the new cretonne draperies, made and lined for the main classroom by the vocational girls. They also painted the woodwork in that room.

Elsie Jones has helped to make the homemaking cottage attractive by keeping flowers and plants arranged throughout the building.

GET JUMP ON AGGRESSOR

At times it is easy to think of the last war as something that "just happened"—a horrible catastrophe whose effects must be dealt with for a long time to come, but a catastrophe more like an act of nature than of men.

It is close to us and yet far away. Its consequences are all about us, but they are not yet in perspective. The burning hatred of the enemy war lords has subsided. In its place the fear of a new war and the need to prevent it occupy our thoughts and blur the old outline.

Then the long trial of former Premier Tojo and his companions in Japanese treachery comes to an end. And suddenly the memory of World War II becomes sharp. We recall that it was the deliberate creation of cold-hearted, cold-minded, cruel, bigoted men. These Japanese, like their Nazi partners, were the architects of a war unmatched for savagery and destruction. And now, like the Nazis, they must pay for their crimes.

This is something new. Mankind, after suffering and glorifying war throughout its history, at last decided that the murderer of thousands must face the same justice as the murderer of one. Yet there were some who objected to this decision after the Nuernberg trial of the Nazis.

They claimed there was no precedent for such a trial, nor even any laws to cover the defendants' crimes. The court was prosecutor as well as judge. The Nazis were condemned and convicted before they were tried. The whole idea was unsound because the very military who prosecuted Goering and his clique might meet a similar fate in another war.

The public generally was not much impressed by these objections. And there is even less room for fault-finding in the Tokyo trials. Tojo and the rest were given the longest trial in history. Their cases were heard by civilian judges.

The evidence was weighed carefully, and punishment was fixed in proportion to the weight of their crimes—within the limits of what justice can exact. Naturally, the lives of Tojo and the other six cannot pay for their offenses.

At any rate, the precedent is set. But while it is just, it cannot cover the whole possible field of war crimes. The Nazi and German war lords were not punished for losing a war, as some of them claimed. But they could not have been punished if they had not lost it.

A victorious aggressor in a world war could not legally be punished by his victims. It is more likely that he might adopt the precedent of Nuernberg and Tokyo to punish the leaders who resisted him.

The only solution, of course, is the punishment of aggression at its start by the combined force of international action. That is the United Nations' job. So far the United Nations has given little cause for hope that it could forestall any serious threat to world peace. The will and the means to realize that hope must be found. Punishment of aggression after a war is morally right, but it is far from the perfect answer.

ELECTORAL COLLEGE

In case you thought the presidential election was over and done with on November 2, you can look forward to the real one in less than a month.

On December 13, the 531 men (or women) you elected a couple weeks ago will meet in the various states to cast their ballots for the next president of the United States.

But even then the election won't be over until:

1. The governor of each state collects these ballots and forwards them to the secretary of state in Washington.
2. The secretary of state bundles them off to Congress.
3. On January 6, the Senate and House meet in joint session.
4. The presiding officer of the Senate opens the ballot box and starts counting.

Only then will you learn—officially—that the majority of the electoral college—made up of the same number of people as there are senators and representatives—has voted for Harry S. Truman as the country's next president.

The open season for bear closes tomorrow afternoon. While the kill in the area may not set a record, the season at least provided an unusually large crop of exciting wildlife stories.

That story about those Donora smog survivors being flown to North Carolina for a week's rest reminds us: What's become of Warren's soot nuisance?

Even if the midwest blizzard has by-passed Warren, we doubt if any person will be greatly disappointed.

That's the Trouble With Being a Miracle Man

Here And There

We are happy to acknowledge the following communication regarding the "36-inch muskellunge" mentioned earlier in the week in this column: "Gentlemen—Re your article of November 16. The skepticism expressed by some fishermen regarding the 36 inch muskellunge 'caught in Brokenstraw creek' is well taken. At no time was such a claim made where the article originated is also unknown. The fish was struck in the waters of the Allegheny river, with the undersigned standing in the mouth of Brokenstraw creek. The fish was actually landed on the bank of the Brokenstraw but I think the river gets the credit for the fish. If you should see your skeptical fishermen, tell them that I had a heck of a lot of fun and the fish really was over 36 inches—John H. Kirk." Thank you, John. Hope that sets everyone straight on your unusual catch.

This And That: Fred Schuler, for the past twelve years, assistant manager of the Prudential Insurance Co.'s office in Warren, receives a well-deserved promotion in being appointed manager of the company's district office in Altoona. We extend congratulations to him. He is a very capable man and a good friend of the community. Not only do the hushes of the NBC Saturday night contest get paid the regular radio actor union scale, but the rules provide they must become union members. That is, if they are not already members. Each participant in the present case here are two for the Papa and Mama Contest—receives around \$50 per broadcast despite the brief time they are on. They are registered with the American Federation of Radio Artists merely as Papa and Mama. This move was taken by Ralph Edwards to help maintain their secrecy and sidetrack any attempts, a number of which have already been reported, to learn their identity through the union. We've heard of individuals and organizations "having too many irons in the fire," but with Warren's Junior Chamber of Commerce, "one more project" is never one too many. Right now this progressive and rapidly-growing civic organization is working on the Christmas Lighting project with the Chamber of Commerce, a Thanksgiving dance, the "I Speak for Democracy" contest, Bassinet for the maternity ward of the Warren General Hospital, to say nothing of the numerous club activities promoted principally in the interest of the organization. It should be mentioned in passing that the Jaycees have a live-wire Women's Auxiliary that is growing as fast as the men's organization. Don't be confused about the Christmas lighting projects for Warren—one is the outdoor Home Lighting contest sponsored by the Chamber of Commerce, and the other is elaborate unit displays that are sponsored by

organizations and business houses. The Jaycees are at work on the latter and it is hoped they will be completed for lighting one week from tonight, with ceremonies that will include public inspection.

The final report meeting of the YMCA Membership Enrollment Week will be held tonight at 6:30 o'clock, and it's our prediction that the goal of 600 will be reached with plenty to spare. Up to Wednesday sixteen bears ranging up to 400-pounds had been killed in the southwest part of McKean county. Kane's big Moose basketball team ran into a tartar on their opening night, falling before a fast and well-trained St. Bonaventure College quintet by a score of 84-34. Down at Franklin the other night some mystery was aroused over the presence of balloons over the town until it was explained they were helium-filled, holding aloft an aerial which aided television. Beats all how fast a "turkey party" can gobble up all your loose change! Here the story about the local "professional" nimrod who chose the Minister section to hunt bear one day this week? After hunting all day without seeing a bruin, let alone picking up an encouraging trail, the men unloaded their guns and disappointedly started the drive home, but soon afterwards a bear walked across the highway, directly in front of the car. The hunters, as quickly as they could considering the amazement and excitement of the situation, loaded their rifles, left the car and started in pursuit, but not fast enough for the cagey bruin—at least that's the way we heard it "Doc."

MacKenzie's Column

Those who espouse the belief that Communism will blow up in due course because of its unmany have received plenty of encouragement for this view in the efforts of the 58-nation social committee of the United Nations assembly in Paris to draw up a charter of human rights.

Progress in writing this all-important document has been marked by a fierce battle between Soviet Russia and the anti-Communist nations. The efforts of the Muscovites have been aimed at limiting the rights of the individual and making him a puppet of the state.

In order to understand the significance of this, it is essential that we recognize the structure of present day Communism is not the same mild and beneficent ideology of long ago which laid down a human code of one for all and all for one.

The current so-called Communism is Bolshevism. It is a cold-blooded philosophy of totalitarian dictatorship in which the individual is wholly subservient to the state—a cog in a machine. It is an ism which expands by strong-arm aggression.

That is the background for the maneuvers of Soviet delegate Alexei Pavlov in the social committee—and he has fought doggedly for the totalitarian code. For example, he sought to delete freedom of religion from the declaration of human rights. Naturally this aroused hot opposition among the democracies, to whom freedom of religion is a cherished right. And the draft resolution as finally adopted provides that "everyone must be guaranteed freedom of thought conscience and religion." Pavlov would have limited this to freedom of thought.

Another hot fight has been waged in the social committee over freedom of speech and of the press. An article upholding these freedoms was adopted with the Soviet bloc voting solidly against it.

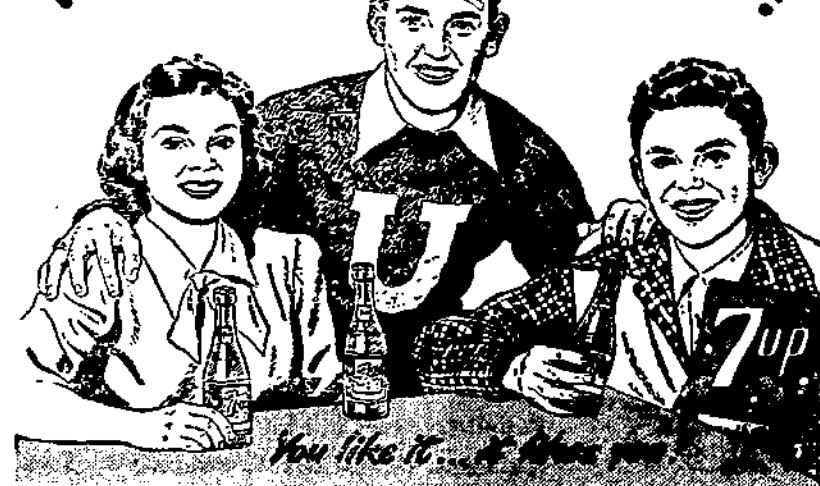

Then Pavlov attacked a proposed article reading: "Everyone has the right to a nationality. No one

shall be arbitrarily deprived of his nationality or denied the right to change his nationality." He maintained that the right to change nationalities should be omitted, and proposed an amendment but the article as originally presented was adopted with the Soviet bloc abstaining.

In this atmosphere of conflict between Democracy and totalitarianism the work on the bill of human rights has proceeded slowly. The declaration as thus far dealt with provides for the fundamental freedoms of the man in the street. Dr. Charles Malik, Lebanese ambassador to Washington, who was one of the drafters of the declaration, has said that it may be "America's greatest weapon of psychological war—far more important even than possession of the atomic bomb."

Interesting Items Taken From
The Warren Evening Times

1928
Dr. M. C. Plummer, noted bicycle tourist, visited with J. W. Rigley at the Revere House when he stopped here on a cross-country tour from Portland, Oregon to Auburn, Maine, where he planned to have Thanksgiving dinner with his family. Out in Evanston, Ill., a woman was arrested for playing her radio after midnight in violation of a new ordinance. Miss Betty Kopf, daughter of Mr. and Mrs. H. D. Kopf of Market street, was elected president of the senior class at Mary Lyons School for Girls at Swarthmore, Pa. Burdette Weiler was elected master of the Warren Grange at a meeting in the P. H. C. hall. Other officers named included John Lawrence, overseer, and Mrs. Ann Erickson, lecturer. The Interstate Commerce Commission announced a public hearing would be held in Erie on the application of the Erie Railroad to make Columbus a non-agency station.

1938
Fulton McKay, of Sugar Grove, was elected president of the Warren county branch of the Pennsylvania State Education Association. Other officers were R. J. Fulton, of Tiona, vice president; and Helen E. Feffer, of Clarendon, secretary-treasurer. Lack of tracking snow was blamed for one of the poorest bear seasons in Warren county in years. A turret nozzle, formerly used by the New York City fire department, was added to the equipment of the Warren firefighters. The McKeesport Olympics downed the Warren Red Jackets, 20-7, in a grid battle at McKeesport. For that Thanksgiving Day dinner: turkeys were selling at 29 cents a pound, roasting chickens at 25 cents per pound, a Long Island duck at 21 cents, for trimmings there were mixed nuts at 23 cents per pound; Emperor grapes at four pounds for a quarter; date pudding, two six-ounce cans for 15 cents; and cranberries, 15 cents a pound.

Marlow Makes Guess At The Attitude of Next Congress

By JAMES MARLOW
Washington, (AP)—How that President Truman has been elected to a full term and his Democrats are in control of Congress, will he be able to carry out what he promised?
I think the honest answer is: Nobody knows.
In the first place, this is not a time of emergency, such as we had in the depths of the depression in 1933.
The country is enormously prosperous, with almost everyone working although not everyone is making good pay.
Because there isn't the same sense of emergency as in 1933, a lot of Democrats and Republicans probably will feel there's no need to rush through what Mr. Truman wants, or all he wants, or in the way he wants it.
The first question about the new Congress for 1949 is: How will the Republicans act on the things Mr. Truman wants done?
They seem to have three courses open to them:
1. To accept the big Republican defeat this month as a signal from the people that they want Mr. Truman's program. In this case they'd help him.
2. To try to block some or all of Mr. Truman's program on the grounds that it goes too far.
3. Or play politics by trying to block him and so scramble his program that the voters, out of disgust when they go to the polls again in 1950, will turn out the Democrats and give control of Congress back to the Republicans.
There's the question of Mr. Truman's own Democrats. Not all of them are likely to go along with him on all his ideas.
And if enough of them differ with the Republicans against him, this opposition could be the majority on any single vote.
The southern Democrats, or most of them, are dead set against his Civil Rights program for southern negroes.
They might be willing to compromise with him in getting through some of his Civil Rights ideas and then back him on the other parts of his program so he'd have a clear majority in Congress.
But if he insists on putting through his whole Civil Rights program without compromise, the southerners can be expected to fight him.
If they got mad enough, they might pay him back by joining with Republicans to destroy any chance of getting the rest of his ideas through.

TIDIOUTE
Tidioute, Nov. 16—The annual meeting of the Tidioute Library Association was held Tuesday evening at the library.
The Ladies Aid of the Presbyterian church gave a delightful tea in the church parlors Wednesday afternoon. A very pleasing program was given by Mrs. Borg and Mrs. DeFrees of Warren, who sang several lovely solos and duets, accompanied at the piano by Miss Swanson of Warren. Mrs. Borg gave several fine readings. Mrs. DeFrees was a former Tidioute girl, Miss Barbara Baldwin. Out of town guest was Mrs. Harry Baldwin, of Jamestown. Delicious refreshments were served by the committee, with Mrs. Prout and Mrs. Alice Wheeler at the tea table.
Mr. and Mrs. George Morrison are the parents of twin boys born November 10th at the Maternity Hospital in Warren.
Mrs. J. A. Lawson and Mrs. E. M. Lanning and daughter spent last Wednesday in Erie.
William Levine of Buffalo spent Saturday and Sunday with his mother.
Mr. and Mrs. Charles Sage and daughter, Anne, spent a few days in Erie last week visiting relatives.
Mrs. George Thompson returned home Saturday from a week's visit with her brother, Claire DeRoche, of Parkers Landing.
Mr. and Mrs. Harold Kummer, of Breckenridge, spent Sunday with the Lodges.
Mrs. F. E. Kapp spent Tuesday and Wednesday in Warren.
Miss Anna Grandin, Mrs. R. L. Whittion and Mrs. R. W. Smutz were visitors in Jamestown.
Mr. and Mrs. Walter Kapp and daughter, Janet, of Vero, spent Sunday with Mr. and Mrs. F. E. Kapp.

Deadly Weapon
By Wade Miller
Chapter 31
WITH her free hand, Ethel Lantz fingered the bound white hair. "I made a mistake with you. Hal is the only person who ever meant anything to me. He still is. I'm doing this for him—I wouldn't have the strength to do it for myself. I've lived in fear for the last two months, Walter. I was afraid every time a cop walked toward me and every time I saw a man your size. There's been no one to help me—except the thought of Hal."
Walter James looked in the mirror at the pistol pointing at his back. He glanced at Rockwell. The major was a statue in his chair, hardly moving even to breathe. "Why didn't you go to the police, Ethel?"
"I didn't want you to get away. You're smarter than they are. And I didn't want to go to prison. I don't want to get wrinkled and ugly—let my hair get dry and brittle. I've hurt it now. I had to bleach it and put bluing on it and cut some of it off. These awful clothes so no one would recognize me." Her eyes flooded with wetness and she screamed at him. "I haven't been anybody for the last two months! I haven't even been a person! I've been afraid of you!"
The gun moved. Walter James stood up and kicked the chair back into her. An explosion burned his side and the mirror broke over his clawing hands. He found the derringer under the rag, whirled and fired. The trailing rag drifted to the floor.
Ethel Lantz stood weaving from side to side, horror on her incongruous face. The black satin across her stomach began to stain liquidly. The 25 slid from her fingers and clattered on the floor.
"I guess I never really thought I could beat you," she said weakly and crumpled clumsily in a heap.
Walter James looked at his hands outlined against her black form. They were beginning to tremble. He got up, not yet, he turned slowly and looked at Major Rockwell.
Rockwell drew back in the chair as far as he could move. "James!" he pleaded in a hoarse voice. Walter James picked up his .38 from the floor with his right hand and squinted at the bigger man. The pain in his side was like a roaring fire, crackling and burning inside him.
The door slammed open and Clapp stood there, one hand clutching his coat pocket. "James!" he shouted. "Put down that gun!"
Walter James threw the empty derringer into the pit of the big man's stomach. The defective bent over in the doorway, trying to draw a gun from his pocket. Hurling himself forward, the slender man cut at him twice, viciously. The edge of his flattened palm sliced across Clapp's arm and again across the side of his heavy neck. Clapp toppled out of the dressing room.
Walter James jumped after him.
THE pain in his arm and in his side were one united demon, chewing at him, trying to weaken him. He felt his balance too bad. Clapp was trying to squeeze the trigger. Let Kevin do it. She was floating down the aisle toward him, her lovely mouth twisted open, calling to him. Don't let that punk Newcomb stop you, Kevin—help me pull this trigger, then we'll go off together and have a wonderful time.
A third explosion ripped from Clapp's gun. There was no jolt this time, no shock. Kevin had woven some magic about the bullet so it wouldn't hurt his side. Kevin was making them take the spotlight out of the back of the theater so he could get some rest. The circle of light got farther and farther away, a pinpoint that finally flicked out.

Philippine Speaker Brings Vivid Island Picture At Fellowship Tea

Mrs. Otto Houser, guest speaker for the YWCA World Fellowship tea at the activities building Thursday afternoon, brought a very vivid picture of "What I Saw in the Philippines."

Appearing before a group of YW members and friends in the gymnasium, Mrs. Houser was attired in the dress-up costume of the Philippines. In her talk she pictured what one would see if she were attending a World Fellowship tea at the Manila YWCA. Their beautiful building was destroyed in the late war and only a wall stands today. In the new headquarters there is some wrought iron standing in a corner. It is a gate used in the former YW and is used symbolically to represent the gateway to the future. Women of the Philippines, who have done much and would have been present at the meeting, were described such as their new senator and one who had been in a concentration camp. Mrs. Houser told also of how

the Manila YWCA housed 350 girls. She described the living conditions of the people and told of the great contributions of the United States, particularly in the field of public school education and the promotion of democracy. She vividly portrayed the occasion when the Philippines received their independence and the United States flag was replaced by their own.

Other features of the program were presented by Mrs. Carl Whipple, who presided at the meeting and introduced Miss May Belle Baird, president of the YW. She used as a devotional service a portion of that used at the National Cathedral in Washington, D. C., on Sunday, November 14th. Mrs. Carl Lundahl spoke on "What Is Fellowship," illustrating what happens to the money sent by the local association to the World Fellowship fund. Special music was provided by a trio composed of Elizabeth Dunham, Dorothy Bohren and Nancy Whipple.

The tea hour in the private dining room followed the program. The tea table was attractive with baskets of fruit and taper lights, surrounded by a bountiful supply of home made cookies and candy.

Warren YWCA members who did not attend yesterday's tea and receive inspiration for the World Fellowship program of the YW, have the opportunity to attend that of the Jamestown "Y." to be held Sunday afternoon at the association headquarters at four o'clock. Miss Hamlen, who was forced to leave her "Y" assignment in Czechoslovakia in recent months, will be the speaker.

The Warren YWCA World Fellowship committee thank all those who had a part in Warren's observance and reports \$80 has been raised. It is hoped that additional funds will be added by the selling of Christmas cards and 1949 appointment calendars which are available at the activities building.

German Club Is Busy With Plans For Activities

Officers of the Warren High School German Club recently outlined the social events and committees for the whole year at a meeting held at the home of the sponsor, E. J. Zulak. It was decided to have one event a month, starting with a smorgasbord at Jamestown on December 4.

For January, they planned a sleighride and, if time allows in February, there will be a German assembly. A Deutsches Lied Fest (song festival), with a German barbershop quartet, a girls' chorus, and the traditional German band, was scheduled for March, and April will bring a kaffee kuchen stunde.

The last event, in May, will be a farewell senior picnic, with the juniors making all the plans.

Appointed as the assembly writers were Ann Lesser, Marilyn Rutledge, Nancy Whipple, Neil DeStefano, Bruce Forsgren, John Hanna, Jim Johnson and Don Wood.

Anyone in the German classes interested in singing in the Lied fest is asked to notify Marilyn Fleming, Nancy Lee Plummer, Marilyn Rutledge or Gordon Odmark.

A committee was named to decorate Mr. Zulak's room: Elaine Bova, Barbara Eylan, Joyce Dyke, Jean O'Connor, and Jeannine Turner.

Also selected was the staff for "Der Gemutliche Verein", the German newspaper, published just before Christmas and again before Easter. The co-editors are Marilyn Fleming, Verna Knudsen, Nancy Lee Plummer and Nancy Whipple.

New Names—New Faces Appearing In Players' Cast

The Warren Players this year, in response to an appeal by its members and other play-goers, is endeavoring to present new names and new faces.

To say that Helen Morrow, the coach, has answered this appeal in her casting of "Portrait in Black," is an understatement, for one-half the cast has never been presented before by the Players, and two others have not been seen for some time.

Miss Norma Haight, of Youngsville, as Winifred Talbot, is most charming in her characterization and will immediately appeal to Players Club audiences Thursday and Friday, December 2 and 3, from her very first entrance. Miss Haight, whose ambition it is to some day sing in grand opera, brings to the Players Club stage a beautiful and well modulated and speaking voice, as the result of her voice training. It will be the consensus of opinion that Miss Haight appear in many more Players Club presentations.

John Hultquist, a former mainstay of the original and excellent St. Joseph's Players, has finally been prevailed upon to join and appear in a Warren Players production. The public is indeed fortunate that Mr. Hultquist made such a decision for his interpretation of the role of Dr. Philip Graham is of highest quality and is bound to impress his audiences that he has lost none of his ability as displayed years ago with the St. Joseph's organization. He has a very heavy line-load and a very difficult role and he carries both admirably.

Raymond Johnson, as Blackie Ritchie, is also a "first-timer" and his easy and appealing manner is evident in all his scenes and appearing opposite Miss Haight, is a very welcome addition to Players Club casts.

A later article will cover the "Old Timers" appearing in the cast. Players Club members and others are reminded that mail order reservations are now being made by simply sending membership cards and return stamped addressed envelope to Warren Players, P. O. Box 562. It is also suggested that better selection of seats can be had for Friday evening.

"Turkey Trot" Is Youth Party Theme

Suited to the approach of the Thanksgiving holiday, the theme for the Saturday night community party will be "A Turkey Trot", with Dick Schuler and Lynne Andersen as co-chairmen of the arrangements.

This party Saturday night, 8:30 until 11 o'clock, is the second in the November series being sponsored by the senior class of Warren High School. Next month, the juniors will take over the Saturday night affairs.

Marge Ritchie is planning decorations, Kay Hornstrom is refreshments chairman, Jean O'Connor will make the door arrangements and Allen Anderson is responsible for the publicity.

Members of the decorations committee are a ted to be on hand at Beauty school at 10 p. m. Saturday to get the stage all set.

Gray Lady Corps

The Warren County Chapter, American Red Cross, announces it is organizing a Gray Lady Corps to be of service to the Warren General Hospital. For several weeks a group of enthusiastic women has been training for the Gray Lady service, a volunteer corps of the Red Cross.

This group has been organized by Mrs. Richard Dawson as chairman, and trained under the direction of Mrs. Hazel Smith, superintendent of Warren General Hospital, and Miss Clara Hammer, director of nurses.

The Gray Lady duties are not to be confused with those of the professional nurse or social worker but are allied closely in purpose. These duties are component parts of a total program dedicated to the comfort and recovery of the sick, the injured, and the handicapped.

In military and veterans' hospitals Gray Ladies work under the supervision of the field director, who is the Red Cross representative assigned by national headquarters to direct Red Cross activities; in other hospitals, such as the Warren General Hospital, the Gray Ladies are under the direction of the superintendent of the hospital.

Save - The - Children "Bundle Day" Drive Planned Tuesday

A Save-the-Children "Bundle Day" drive, to collect serviceable, used clothing, will be launched in the Warren borough public schools on Tuesday of next week. School Superintendent John G. Rossman announces today.

The drive, which is part of the seventh national Children's Clothing Crusade conducted under the auspices of a national committee of school superintendents, will last for two days.

Clothing obtained will be distributed by the Save the Children Federation in its program of assistance to children in isolated rural areas of the United States and in four European countries.

Two and one-half million pounds of wearable clothing has been set as the national goal for 1948.

Last year, in the sixth national drive, three million pupils took part in 1,025 Bundle Day's in some 40 states and collected 1,700,000 pounds. The goal has been increased this year in order to enable the Federation to meet the clothing needs in its steadily expanding fields of child service.

Clothing collected by the Federation is distributed abroad for the relief of child war victims in Finland, France, Holland and Greece. Austria will be added to the list during the year.

In America, clothing is distributed in needy rural areas of eight southern and southwestern states in which the Federation operates its sponsored school program. Many of the children in the American areas served come from families with cash incomes of less

than \$400 a year. If it were not for the Bundle Day collections, many of these children would not be able to attend school during inclement weather because of lack of proper clothing.

Superintendent Rossman advises that wearable clothing of all types in baby's, children's and adult sizes; blankets, sheets and other bedding; and pairs of outgrown shoes are needed.

He asks that the clothing be clean, and tears or weak spots mended, if possible.

A large number of shipping bags have been ordered from the Federation, he says, and leaflets will be given all the children in the school system to take home, stating the purpose of the drive and asking the cooperation of parents.

Measville, No. 19—"Not guilty and the county pay the costs" was the verdict of the jury in the case of Bud Ellsworth Irwin, 21, on trial here before Judge Mook for four days on a charge of involuntary manslaughter. The prosecution resulted from the death of Titusville of Robert A. Davitt of that city from the effects of being struck by a car driven by Irwin on Bank street near Brown on October 5.

The jury received the case at 11 o'clock this forenoon and returned its verdict at 3 o'clock in the afternoon.

Judge Mook began his charge soon after court convened yesterday morning. He told the jury that in order to convict Irwin it would have to be satisfied he was guilty of "gross negligence," as differentiated from simple negligence.

The jury evidently concluded that gross negligence had not been proved. All the Commonwealth was able to show was that Irwin was on the left side of the street. There was no evidence he was speeding.

The costs in the case will be considerable, since there were numerous witnesses and most of them were present three days.

The average age of the jurors in this case was probably larger than in most instances. One man estimated it at about 60 years.

GARLAND

Mrs. Arch Bristow is visiting her daughter, Joan, in New York City.

Mr. and Mrs. Frank Murphy were called to Butler from Cleveland, where they were vacationing, by the accidental death of the former's sister, who was killed in an automobile accident. His nephew and wife were also critically injured with little hope held out for their recovery.

The Seth Holmes are driving a brand new car, much to their delight.

Mrs. Maud Poy, daughter and granddaughter were guests Sunday at the home of Autumn Mat.

Mr. and Mrs. Russell Smith and son Ted, were in Jamestown Saturday.

Leroy Weller has purchased the Garland hatchery property and has moved his family into the building.

Mr. and Mrs. Seymour Upton are the parents of a baby son.

Miss Eva Bristow is an Erie visitor this week.

Walter Taydus considered himself a celebrity on Saturday. It appears he made a bet with a fellow employee that if President Truman won the election he was to receive a free wheelbarrow ride through the business district of Corry, the Dewey loser pushing the barrow. Both lived up to the plan arranged, the whole attracting an amused crowd.

Mrs. Milton Hagg is in Boston this week visiting her son, Milton, Jr., who is in the Navy. While there she witnessed the christening of the ship her son will set sail in.

Sympathy is extended Mr. and Mrs. Carl Peterson in the death of the former's mother in Jamestown. Mrs. Peterson was formerly Marian Moore, of Garland.

Mr. and Mrs. Merle Gibbons and children of Erie, spent the weekend in their home here.

Mr. and Mrs. Fred Palmer are doing extensive repairs on their home. The entire house will be modernized and some additions made.

Russell Smith enjoyed a day of bear hunting this week.

Word has reached relatives in this vicinity that the former Iva Brooks, daughter of the late A. J. Brooks and Edith Brooks, has recently undergone an operation for brain tumor in Billings, Mont., where she resides. A brain specialist was flown in from the state of Washington to perform the operation.

Mrs. G. F. Pickersgill and Mrs. Gertrude Lawrence spent Wednesday in Erie.

Mr. and Mrs. Glenn Daelhausen and son, Jackie, of Warren, are guests of Mr. and Mrs. C. H. Brooklehurst.

Mrs. Julia McGraw was a Friday shopper in Titusville.

Mrs. J. P. Sage and Mrs. L. M. Kinnear spent Thursday in Titusville visiting relatives and friends.

Mr. and Mrs. F. E. Kapp and Mrs. Frank Brooklehurst, visited relatives at Seneca Sunday.

The regular meeting of the Fortnightly Club was held Monday evening at the home of Mrs. George King.

A great many hunters are in Tidoute and the report is that several bears have been shot.

Editor Gets Prophet's Hat For Most Accurate Guess

By PETER EDSON

Washington — (NEA)—For successfully and most accurately predicting the election of President Harry S. Truman, a new hat will be presented by NEA Service to Louis A. Eckl, Alabama newspaper editor.

Eckl, who is editor of the Florence Times and the Sheffield, Tusculum Tri-Cities Daily in the Muscle Shoals area, was one of three daily newspaper editors who correctly predicted President Truman's victory in a pre-election poll of the Southern newspapers.

The poll was conducted for Peter Edson's NEA Washington column to learn how editors below the Mason-Dixon line sized up the complex political situation in that area. The poll was taken by newspapers, and names of the editors who actually made the predictions have just been confirmed.

Eckl's prediction was 300 electoral votes for Truman, 211 for Dewey, 11 for Thurmond and none

the predictor's hat which goes to Eckl.

Jones, thinking he had been the only one of the Southern editors who had even come close to predicting a Truman victory, modestly suggested that he be awarded Dewey's mustache cup.

Instead of that, however, the four editors will receive appropriate certificates, suitable for framing and hanging on the walls of their offices, attesting to their prowess as practically the only newspaper men in the country who did not have to eat crow on the morning after election.

Eckl says it would be impossible for him to tell what "system" he used in correctly dishing the election outcome.

During the past 20 years in which I have worked for the Times and the Tri-Cities Daily," he says, "I have found that every time I followed my first hunch in politics I have always been right. Whenever I hesitated or changed my mind I always wound up behind the eight ball.

"From the very beginning of the 1948 campaign I never doubted that President Truman would be elected, because as successor to Roosevelt he stepped into one of the hottest spots in history, and on the whole did an excellent job. Some of my friends almost quit speaking to me because I championed the Truman-Barkeley ticket without apologizing for the civil rights plank in the Democratic platform. But I think the people are far ahead of their politicians.

"Down here, to many of us, it looks as though the civil rights program is left alone. I think the Negro should be allowed to vote, that his children should receive an equal education, and that he should get justice in our courts, which he frequently does not get. In a reasonable period of time he will use his ballot and his brain to attain decent civic status. I do not believe that ending segregation or bringing about social equality is any objective of the average, intelligent Southern Negro.

"One of the reasons I always felt President Truman would win was because of the Dixiecrat movement, which was a joke to many intelligent Southerners. For every vote the Dixiecrats cost Truman in the South, I believe they made him at least 10 votes in other parts of the country."

Louis A. Eckl: "Some of my friends almost quit speaking."

for Wallace. The final return gave Truman 304, Dewey 189, Thurmond 59, and Wallace none. Eckl missed on the Thurmond vote, predicting that the Dixiecrats would carry only Alabama because Truman was barred from that state's ballot.

The other two daily newspaper editors who correctly predicted a Truman victory were:

Ben F. Weir, publisher of the Nevada, Mo., Daily Mail.

Ernest Jones, editor of the Brownwood, Tex., Bulletin.

Weir predicted Truman would get 225 electoral votes, Dewey 176 and Thurmond 30. Jones gave Truman 254, Dewey 250 and Thurmond 27.

In addition to these three editors who made outright predictions on a Truman victory, two more editors made a magnificent understatement by predicting that "Truman will surprise many people by his strength."

They were Coleman A. Harwell, editor of the Nashville, Tennessee, and O. E. Jones, editor and publisher of the Batesville, Ark., Guard. Neither made any estimate on how many electoral votes Truman might get. Thereby they missed a chance to win

WENDELBOE STARRING AT END FOR GROVERS

Nick Wendelboe, Jr., of Warren, varsity end for the Grove City College football squad for the past two seasons, will wind up his collegiate grid career Saturday when the Grovers face the hapless Carnegie Tech eleven at Grove City.

The Grovers have rolled over all opposition this year with exception of Slippery Rock, while the Tartans are still seeking their initial victory in several seasons.

MEN'S MINOR LEAGUE

New Process Mailers, pace-setters for the Men's minor league at the Penn alleys had their bowling returned for "insufficient postage" last night when they were handed a 3-1 pasting by Millers Confectioners. In another league scrap, the New Process Receivers, a new entry in the loop this year, won their second match point in 10 weeks of bowling and celebrated the occasion by allowing their opponents, Carlsons Olds, to treat them to a bottle of pop. Metropolitan Life Insurance whitewashed New Process Shopkeepers and Bakers topped Papalias Esso, 3-1.

Al Albaugh, toting the line for Bakers, racked up a new league high single game of 239. Al strung together seven strikes, and then chopped a spare in the eighth. His three-game total of 556 was topped by S. Loomis of the Papalias team, who fired a 558 on games of 193, 186, and 169. Don Miller led his team with a 548 total on games of 179, 208 and 161, while Vic Mellander was high for N. P. C. Mailers with 163-161-213-536.

Earl Jenkins racked up a new league high total of 563 sticks on games of 184, 206 and 173 in Men's Sylvania tenpin loop firing on Penn alleys to lead the cellar-position Vires to a 3-1 triumph over the Machine Shop. A second scrap saw the Engineers cop three points from the Welders to move into a tie with the latter squad for the league leadership.

FINE BEGINNING

Austin, Texas, (AP)—By downing Louisiana State here in the 1948 gridiron opener, the University of Texas Longhorns maintained their record of never losing a home opened. In 56 years of football history, Texas has lost only one opening game, that by an extra point, at Kansas in 1938. The entire record reads 52 wins, two ties and one loss. Highest opening game margin ever scored by the Longhorns was 74-0 over SMU in 1916. Most points ever scored against them in an opener was the 19 notched by Kansas in the lone loss. The period from 1913 to 1933 found the Longhorns being scored against only once in 21 opening games.

BOWL "FEELER"

Slippery Rock, Nov. 19—(AP)—Slippery Rock State Teachers College has received a "feeler" for the annual New Year's Day game in the Tangerine Bowl at Orlando, Fla.

Athletic Director Archie Dodds reported a telegram from bowl officials said Slippery Rock is "under consideration." The teachers have won seven of their eight games this year, losing only to California (Pa.) Teachers.

GETS AROUND

South Bend, Ind.—(AP)—Marty Wendell, Chicago senior who handles the right guard assignment for Notre Dame, is a handy man to have around a football team. His experience on the gridiron includes play at halfback, quarterback, fullback, center, and guard. He cavorted at half and quarter in high school, and he already has won three letters at Notre Dame—at full, center and guard.

GOOD AND BAD

East Lansing, Mich.—(AP)—The most lopsided victory ever scored by a Michigan State College football team for the 104 to 0 conquest of Hillsdale college in 1904. The worst beating the Spartans ever took was 119 to 0 by Michigan in 1902.

Robinson Is Undecided On Risking Title

New York, Nov. 19—(AP)—One flight up, over a Broadway dime-a-dance palace, they were settling final details for the Ray Robinson-Steve Belloise fight at Jersey City, Dec. 9.

Robinson, who sometimes "forgets" appointments, showed up. There was a \$20,000 guarantee to consider. Among other things, the welter weight champ wore a handsome sport coat and a fringe of chin whiskers.

When the paper work for the non-title contest being promoted by the Tournament of Champions was done, the question started popping. Most of them were aimed at Sugar Ray.

"Are you going to defend your welter title?" was the first. "How about the story that you are giving it up?"

Robinson mumbled something about a rumor starting in California. "Will you say definitely that you will defend your title," the fellow continued.

"No," Robinson said slowly. "Not definitely. You see it all depends."

"Depends on what... money?" was the logical question.

"Yes, that's it," he answered. "You'd better not say money, say it depends on the right kind of a business proposition."

Cameron Is Named Basketball Manager

Bill Cameron, Warren high school senior, has been elected student manager for the Warren high basketball team, Athletic Director J. B. Leidl announced today.

Cameron has been active in football, basketball and track, and is a popular choice throughout the student body for the manager's post.

The Dragons will open their 1948-49 floor campaign in Bently gym Friday, Nov. 26, against Youngsville.

SEEK CAGE GAMES

The Moose Club of Oil City (Jack Steifer, 107 Clarion St., Oil City) and Al's Basketball team of Meadville (Bill Trau, 169 Spring St., Meadville) are seeking basketball games with interested clubs in the Warren district.

Legion Has Turkey Party At Sheffield

Sheffield, Nov. 19.—The American Legion is holding its annual turkey party Saturday evening. The Young Women's Missionary Society of Bethany Lutheran church met Tuesday evening with the vice president, M. S. Everett Benson, presiding. Scripture and prayer were by Miss Alma Johnson. The program was in charge of Mrs. Alice Bramer and Miss Mildred Johnson; piano selections by Bernice Cummings; reading, "Home Missions," Mrs. Mike Zastawney; "Your Treasure Chest Speaks," Janet Newberg. Treasures chests were opened at the meeting. The nominating committee gave a report that present officers be re-elected. The Christmas party will be held December 21st. The meeting closed by serving a turkey lunch.

Mrs. C. H. Whittaker was hostess to the Woman's Club Monday evening. A paper, "Friends of Liberty," was presented by Mrs. W. H. Ranson, who also explained how the library is financed. The club decided to sponsor the Teen-Cartoon, after two seniors, Joyce Cox and Nancy Miller, as representatives, explained the need for a youth center. Refreshments were served by Mrs. L. C. Eisenhauer, Mrs. H. B. Baldensperger, and the hostess. The next meeting will be held at the home of Mrs. C. R. McNeal, of Barnes, when Dr. L. E. Chapman, of Warren, will be the speaker.

Mrs. J. M. Campbell, of Sugar Grove, has sold her home and has come to Sheffield to live with her daughter, Mrs. Frank Eckman, of Mill street. Mrs. Campbell is a former resident, as at one time Mr. Campbell was employed at the C. P. L.

Miss Tracie Johnson and Mrs. Blenda Hinkley spent Monday and Tuesday as guests of Mr. and Mrs. Leonard Staff, at Orchard Park, N. J.

Mrs. John Burns and Mrs. Fred Carlson are spending a few days in Sharon and Elizabeth.

Mr. and Mrs. Ernest Cummins, Jersey City, N. J., arrived here to attend the funeral of Miss Elizabeth Dolan.

Mr. and Mrs. Willis Tremouth and daughter, Charlene, of Erie, spent Sunday with Mr. and Mrs. M. M. Beer and Mrs. M. H. Meely.

Busy Session Conducted By Student Unit

The report of the four High School Student Council members and faculty adviser who attended the state government conference at Altoona was the feature of the last Student Council meeting.

The delegates, Jean Anderson, Marilyn Rutledge, Robert Eanes and Dick Hamilton, with Miss Jean Spencer, brought back many valuable suggestions which should help to better the Council this year, as well as in years to come.

Projects for making students better acquainted with each other and ways of helping students absent from school because of illness were discussed.

Also emphasized at the conference was the need of publicity in every school concerning the work of its Council. Suggestions for assembly programs and for methods of choosing Student Council officers were given.

Including the candy sales at the football games, the Council treasurer reported at this same school meeting a balance of \$653.94.

President Randy White, giving an explanation of each committee and department, appointed the following chairmen:

Nancy Whipple, citizenship department; Nick Mangus, awards committee; Neil Deslano, social department; Ruth Davis, special activities department; Marilyn Rutledge, publicity committee.
